

G

IBERIA PARISH Required Documents Checklist RESIDENTIAL (MOVABLES & TRAILERS)

DRAWINGS:

____ 1. SITE PLAN

- Two copies of original Plat Plan, to scale, showing North arrow, rights-of-way, easements, streets/roads, property lines with dimensions and all utilities, drawn and stamped by a Louisiana State Licensed Engineer. (Can be obtained from original property purchase)

- Show, to scale, with dimensions, all existing and/or proposed improvements including all structures (house, garage/carport, barn/shed, patio, pump house), pools, driveways, setbacks, sewer treatment plants, utility connections, driveway entrance onto public rights-of-way.

____ 2. FOUNDATION PLAN

- Two Copies - Show, to scale, all existing and/or proposed improvements of each structure's foundation with dimensions. If in Floodplain, owner must present certification on blocking from Licensed Louisiana Engineer to permit office and to inspector at time of inspection. **Structure must be blocked according to design plan.**

____ 3. PLUMBING PLAN

- Two Copies - Show connection and location of sewer and water to utilities.

____ 4. ELECTRICAL PLAN

- Two Copies - Show, connection and location of electrical to utility.

- NOTE: A dirt pad is required under the structure. (See attached)
